

Careers in Hospitality

Start your career in hospitality by joining our team at The Ferry Boat Inn!

If you're great with people and you're passionate about customer service, we'd love to hear from you.

Front of House Staff / Supervisors *Full-time and part time positions*

We're looking to expand our Front of House workforce as well as looking for experienced hospitality crew to become Shift Supervisors.

You will be the happy smiley face of the pub; welcoming, chatty, keen to please, and very tidy, someone who loves meeting new people and is naturally at ease in the company of others – a little bit like the perfect host!

The Ferry Boat Inn will be a busy pub so you will also need the enthusiasm to learn about the menu, the wines and beers and take on board all the operating systems we will use to ensure its smooth and easy running also take responsibility in the manager's absence – it's hard work but great fun too!

We can offer you a lovely place to work in a fully refurbished pub and we'll happily give you comprehensive training covering coffee making, table service, understanding our menu and wine list, and bar service.

If you can see yourself with these qualities and are over the age of 18, we really look forward to hearing from you. As a full timer you'll also have 28 days holiday, meals on duty and staff discounts on food, as well as having a full share of gratuities and involvement with the pension scheme.

To apply, please email your CV and cover letter to Nicki Baseley at info@ferryboatinnessex.com or just drop an email for an informal discussion.
